

# CLEAN UP THE WORLD

HIAB promotes voluntarism from within the staff. They give up their time joining Dubai Municipality, the Emirates Environmental Group (EEG) and help to keep Dubai clean as well as caring for the local environment through initiatives of beach cleaning, can collection for recycling, etc. One of our staff hailing from Nepal proudly states:

“ We would welcome every opportunity to beautify Dubai and to care towards the local environment”.

“ We would welcome every opportunity to beautify Dubai and to care towards the local environment”
