### International Collaboration:

**No 6** UNWFP is the world's largest humanitarian agency fighting hunger worldwide and is voluntarily funded. Since 1961, WFP pursues a vision of the world in which every man, woman and child should have access at all times to food needed for an active and healthy life.

On average, UNWFP reaches more than 80 million people with food assistance in 82 countries each year. In emergencies, it gets food to where it is needed, saving the lives of victims of war, civil conflict and natural disasters and it also uses food to help communities rebuild their shattered lives.

To support this mission, HIAB as a strategic partner collects donations and generates funds, forwarding the total collection to UNWFP. UNWFP in turn distributes the funds to our selected beneficiaries as per guidelines from our side.

Every member of the staff understands the idiom 'waste not want not' , so resources are carefully used without extravagance especially for energy and water so the world would not be in need.

**No 7** abc Foundation – Through private funding this foundation teaches a specially developed curriculum – 'English for Hospitality Professional' by specially trained tutors so young unemployed individuals are given a learning of hospitality, building their confidence, grooming them to take jobs in the UAE, or their home countries.
